Our story

Our family-owned company has a rich history dating back to 1972. Saifullah Almasi, began his journey with a passion for agriculture, cultivating his first pistachio garden in a 10-hectare land. His entrepreneurial spirit was sparked by a meeting with traders from East Asia, who shared their vision of a global marketplace. This encounter inspired him to expand his client network beyond borders, and thus, began his international trade.

Today, we're proud to carry on his legacy, with his granddaughter, Mohana Hamed, at the helm of our company. With her vision and expertise, we've expanded our product portfolio to include an array of premium-quality products. Our global reach spans five continents, and we're dedicated to delivering the best of these products to customers worldwide.

As we continue to grow and evolve, we're committed to a shared vision: a world where natural products and sustainable practices are the norm. Our goal is to provide a healthy and safe world for our customers and their families, by offering natural sweeteners that are free from artificial additives and preservatives. We believe that by embracing the power of nature, we can reduce the impact of our products on the environment and contribute to a healthier tomorrow.

Our commitment to quality is unwavering. We supply our products in both bulk and private label, catering to a diverse range of customers from food manufacturers to retailers and wholesalers. We supply our products in both bulk and private label, catering to a diverse range of customers from bakeries, ice cream industries, restaurants, beverage companies, food manufacturers, energy bars, wholesalers, and retailers. Our products are carefully handpicked at their peak freshness, ensuring consistent quality and taste. We put our products through rigorous quality checks to ensure their excellence, and we're dedicated to providing products that meet the high standards of our customers.

We're thrilled to have customers who share our passion for quality and join us in our mission to create a healthier, safer world for generations to come.

Date Sugar

Date sugar is a natural sweetener made from dried (Zahedi) dates, offering a rich and caramel-like flavor profile. It's a wholesome alternative to refined sugars, perfect for those seeking a natural and unprocessed sweetening option.

Packaging:

Bulk: 10kg Carton

Retail: 250g, 450g, 1kg

Features:

- Made from 100% dried Zahedi dates with no additives
- Rich in essential nutrients like fiber, vitamins, and minerals
- Low moisture content: 4.5% to 5%
- Versatile for use in baking, cooking, and beverages

-Our Date Sugar can be a direct substitute for cane sugar in the production of all foods, offering a rich flavor and a natural alternative to refined sugars.

Benefits

- Lower glycemic index, making it a good option for people with diabetes or blood sugar concerns
- Natural, caramel-like flavor that's perfect for baking and cooking
- Rich in antioxidants and other nutrients like potassium and fiber
- Can be used as a 1:1 substitute for white and brown sugar in recipes
- Has a more complex flavor profile than other types of sugar, making it a great option for adding depth and richness to recipes.

Date Liquid Sugar

Date liquid sugar is a natural and organic product that is completely transparent and light yellow in appearance. It is extracted and concentrated during the clarification and extraction process, making it one of the most valuable date products.

Date liquid sugar is a suitable alternative to sugar for both household and industrial uses as it retains its beneficial compounds and properties when used in hot liquids. For example, it can be used to sweeten beverages, make pastries, cakes, ice cream, jams, and various syrups.

The properties of date liquid sugar include being a completely natural and organic product. Due to the presence of fructose sugar, it has a low glycemic index, making it highly suitable for dietary regimes.

Date Honey

Date honey is the same as date liquid sugar with a thicker, more indulgent consistency which has a similar texture and color to traditional honey. It's a perfect addition to any recipe. What's more, date honey can be used as a standalone product, allowing you to create unique and delicious flavor profiles for your customers. Whether you're a chef, a food enthusiast, or a health-conscious individual, date honey is an exciting ingredient to explore

Packaging:

Bulk: 25kg Bucket
25kg Gallon
250kg Barrel

Retail: 250g, 450g, 1kg

Uses:

- Baking: Incorporate Date honey into cakes, cookies, muffins, and bread for a natural sweetness and moist texture.
- Beverages: Stir into coffee, tea, smoothies, or cocktails to add a flavorful twist without artificial sweeteners.
- Desserts: Elevate yogurt, oatmeal, fruit salads, or ice cream with Date Liquid Sugar for a deliciously sweet finish.

Date Syrup

Date syrup, also known as date molasses, is a delicious and versatile sweetener made from the concentrated juice of dates. It offers a rich, caramel-like flavor with a hint of fruity sweetness that can enhance a wide range of dishes. Date syrup is made by cooking down fresh dates until they break down into a thick, syrupy consistency. No additional sugars or additives are needed, making it a natural and wholesome alternative to refined sugars.

Uses:

1. Drizzle over pancakes, waffles, or yogurt for a sweet touch
2. Use as a natural sweetener in baking recipes
3. Mix into marinades or dressings for a unique flavor twist
4. Stir into coffee, tea, or smoothies for added sweetness

Date Seed Coffee

Date seed coffee by Mimhanafood is a caffeine-free beverage made from carefully selected date seeds. The production process is meticulous and time-consuming, ensuring a high-quality final product. The date seeds are first sorted and cleaned to eliminate any impurities, then undergo multi-stage processing involving oil extraction, drying, grinding, and powdering to produce our date seed coffee with an exceptional texture.

Features:

1. A smooth and creamy texture with an exceptionally high quality.
2. 100% natural, free from any additives or preservatives.
3. A rich aroma and exquisite taste, identical to traditional coffee.
4. A very competitive price compared to regular coffee available in the market.

Packaging:

Bulk: 10kg Carton

Retail: 450g, 1kg

Benefits:

1. Our date coffee is a healthy and nutritious drink that boasts significant levels of phosphorus, zinc, magnesium, iron, and potassium. Some people believe that date seed have even more impressive properties than the fruit itself.
2. Date coffee has a similar taste to other non-acidic coffees, providing energy and strength without the caffeine and gluten found in traditional coffee.
3. Our date coffee is rich in vitamins, minerals, antioxidants, and polyphenols.
4. Thanks to its antioxidant properties, Golnik's date kernel coffee is effective in strengthening the immune system and reducing energy levels, making it a natural energy booster without caffeine.
5. In addition to its other benefits, Golnik's date coffee has been shown to help lower blood pressure, improve digestive health, and protect the body and kidneys.
6. Date coffee can also aid in weight loss, making it an excellent choice for those seeking a natural treatment for weight loss.
